

Coronavirus - COVID-19

What to do if you are ill

If you think you might have coronavirus you can now have a test.

The signs of coronavirus are:

- **a high temperature** – “when your chest or back feels warmer than it normally does”
- **a new and continuous cough** “when you have been coughing more than you usually do for a few hours”

- **loss of taste or smell** - “the way things smell or taste is different than they normally do”

If you or anyone you live with has any of these signs you must all stay at home

**To book a test at Rodney Parade Newport phone
0300 3031 222**

You can also phone 119 or go to www.gov.wales
